

## FOR AUGUST 2002

08/03/02...From Steve Tosh..."Went fishing with my wife and 2 daughters, Summer 15, K.C. 13. we arrived around 2:00 and first cast had a bite. We caught about 25 fish, a couple of the fish weight about 3 lbs. Both of the girls caught good fish and had a great time. We left the lake around 5 just before catching our biggest fish of the day."

08/05/02...From Carmin Rosato..."I came down on Friday the 2nd to fish. There was only one other boat on the lake. Fishing was a little tough as the weeds seem to be filling in all my good spots! Still managed to get 18 fish in a morning of fishing. By the way, on my fishing trips to KBR and anyone I bring fishing with me, I have gone completely barbless. In my last four barbless trips I have not lost any fish, more importantly we have released almost a hundred fish with out any injury--even on senkos!"

08/06/02...From Carmin Rosato..."Enjoyed yesterday's cool weather at the lake. Surprised to have the lake all to ourselves! Big fish was 5lb-2oz."

08/09/02...From Dave Kochis..."The frog bite was on August 8. Boated 6 out of 12 blow-ups. Also caught 6 on Senkos. The frog bite is always exciting."

08/16/02...From Dave Kochis..."Went fishing on the 15th. Caught 13 fish. The top five weighed in at 13# 5 oz. The largest went 3# 4oz. Caught 4 on the Pop-R, 2 on a Snag Proof Frog, ripped 1 on a Pointer minnow and 6 on a Senko."

08/16/02...From Tony Alvarez..."Don't have a fish story per se, but would love some tips from the experienced fish "catchers" on how and where to fish the lake on these hot summer days with the weeds choking off everything! Couldn't attend that seminar Jon had on fishing Kelsey in the summertime and would love some advice. My son and I drive a long way to fish the lake and don't get that many chances, so would like to maximize the experience! Thanks!"

08/22/02...From Dave Kochis..."Went fishing on the 21st. I caught 6 fish including 4 on a Senko and 2 on a Snag Proof frog. The cold snap and the full moon probably contributed to it being a slow day."

08/23/02...From Carmin Rosato..."Fished the mornings of the 16th and 21st. On the 16th got 19 fish and on the 21st got 14. Caught the fish on spinner baits, ricos, senkos and cranks."

08/29/02...From Dave Kochis..."Went fishing on 8/28. Caught 13 with 12 on the Senko and 1 on a Snag Proof frog. The best five went 15# 6 oz with the biggest weighing in at 4#."
